

Compliance Inspections

Pool Barrier Compliance

Pool Compliance Checks by RentSafe

It is Victorian law to have the barrier inspected on pools and spas, and a compliance certificate issued and handed to council.

Taskforce's Pool Compliance Check makes this process easy and simple - water safety and compliance is our number 1 priority.

Whilst most pool and spa owners believe that their barrier is compliant, without a comprehensive check by an experienced technician and subsequent compliance certificate, you run the risk of being fined by your local council.

Don't take the risk.

Book with a Pool Barrier Compliance inspection with Taskforce today.

Pool Barrier Compliance
Inspection

\$295+GST

- ✓ Full pool barrier inspection
- ✓ Detailed report
- ✓ Compliance certification where all areas met
- ✓ Recommendations for rectifications where required
- ✓ **Post rectification inspection at half price of \$150+GST**

www.taskforce.com.au

Our pool compliance process:

1. Book your inspection

Book via your Agent Portal or by contacting us directly by phone or email. Your tenant will then receive available dates and times to choose from for the inspection.

2. Inspection carried out

Our qualified technician inspects the pool or spa, assessing all the required areas as stipulated by law. This can take between 30min-1.5hr depending on the size of the pool or spa.

3. Reporting within 24hrs

You receive a PDF report by email within 24hrs of the inspection clearly showing the compliance status for all areas.

4. Compliance certificate issued

Where a pool or spa is found to be compliant, a certificate of compliance will be issued.
NOTE: It is the responsibility of the pool owner to provide this certificate to their local council.

If a pool is found to be non-compliant

Where a pool or spa falls short of standards, areas of non-compliance will be clearly identified on the report with advice for rectification measures.

Once the areas have been rectified, a second inspection will need to be booked.

This can be booked at half the rate of the initial inspection (\$150+GST).
