

Introducing Taskforce Plus

Your Premium Solution for Safety Checks

Safety Checks Made Simple

Gas, electrical and smoke safety checks aren't optional - they're a legal obligation. Miss them and you risk financial penalties and an unsafe home for your renters.

Taskforce Plus makes it simple. One annual visit covers your safety check obligations, with eligible inclusions repaired onsite so you have peace of mind your property is compliant. No surprise costs. Easy to forecast. Minimum disruption for your renters.

Ask your Property Manager about Taskforce Plus today.

Don't take the risk.

A dedicated Consumer Affairs Victoria taskforce has been set up to enforce rental regulations, and can issue penalties up to:

Individual Owner
\$12,210.60

Agency / Company
\$61,053.00

4.8 Stars Google Review Rating
from over 4,500 reviews

Average annual cost

\$325^{+GST}

(or \$217.50^{+GST} without gas)

Eligible Inclusions Repaired Onsite

Any eligible inclusions listed below and identified as damaged, worn, unsafe or non-compliant during the relevant safety check will be repaired onsite.

SMOKE	Battery-powered smoke alarm	✓
	240V hardwired smoke alarm	✓
ELECTRICAL	Standard double horizontal powerpoint	✓
	Standard 1 and 2 gang light switch	✓
	Circuit breaker*	✓
	RCD (safety switch)	✓
	RCBO (safety switch with overcurrent protection)	✓
	Firecaulk switchboard	✓
1x Certificate of Electrical Safety is issued per visit where any 240V electrical work is performed.		
GAS	Flue strap	✓
	Meter hoop	✓
	UV protection for Pex pipes	✓

Please note: T&C apply. Eligible Inclusions are repaired onsite only where the item is identified by the technician as damaged, worn, unsafe or non-compliant. Items outside the Eligible Inclusions list receive a no-obligation rectification quote for the owner's approval. +Call-outs directly related to a prior Taskforce safety check do not incur a call-out fee as follows: smoke alarm-related for 12 months, gas/electrical-related for 7 days from the relevant check. Call-outs outside these windows or not directly related to a Taskforce safety check incur a fee. *Where a circuit breaker is found unsafe because the circuit requires safety switch (RCD/RCBO) protection it doesn't currently have, this isn't a simple like-for-like replacement, it's considered an upgrade. We'll provide a separate quote for this work rather than completing it as an eligible inclusion. **Discounts don't combine - Multi-Property Discounts apply to Taskforce Plus RRP only, not Taskforce Saver, Rental Minimum Standards or Pool Barrier Compliance. REC: 33646
